YOUR CAR OUR DRIVER

Driver Solution Services Pvt. Ltd. is a company which deals in providing all the chauffeur and driver services to its clients. Catering to the field of driver facility management services, we provide fully trained, experienced and well-mannered drivers who can adjust as per the needs of our clients.

The well stocked data bank of competent drivers that we have enable us to provide competent professionals who are result oriented, adding further to the repute of our organisation. Functioning with the motto of 'total satisfaction', we operate in the entire Delhi and NCR region and each driver that is provided by DSS is selected after a rigorous selection procedure. Providing smart, confident and genuine drivers, we ply to the needs of the households who have a car and require a driver. We also provide drivers to the hotels and banquet halls to provide them with loyal drivers who can take care of the valet parking. Our facilities are further enjoyed by the party and marriage organisers who add value to the services that they are providing to their guests by equipping them with professional drivers.

MR. RAJINDER SINGH, DIRECTOR

Innovative and exuberant, Mr. Rajinder Singh has an experience of owning and managing taxi rental services which is existing for over the past 40 years. It is in his tenure of working here that he was successfully able to identify the pain point of the requirement of efficient drivers by the self-driven car owners. He was very quickly able to capitalize upon the opportunity and went on to promote Driver Solution Services Pvt. Ltd. to fill in the gap. Working on new ideas, Mr. Singh has successfully been able to promote this innovative concept and establish his company in the corporate scenario where the services of a driver are required.

A survey conducted by Uni Square Concepts for Driver Solution Services Pvt. Ltd. With the objective of “analysing the driver – employer trends persistent in south delhi region,” showed the following results. According to the survey report 83% of the people never found a driver by making a single call which often resulted as nuisance among the people. A brief research was also laid down on legal customs and it was found that 77% of the people have never done a police verification before employing a driver which also shows our carelessness towards the laws laid down by our government. Through our survey we had also spread awareness to the people living in the south delhi region about the procedure to employ a driver and we would convey the same to many others. It was also seen that 98% people were even tired of unwanted leaves made by their drivers. Absenteeism of their drivers was one of the major issue which they were dealing with and things used to turn out worst with business people as they used to get late for their urgent meetings. 86% Individuals used to find annoying that their drivers are not well dressed and do not ensure professionalism and have a very casual approach.
